

# Dream Theater, In The Presence Of Enemies, Pt.

I saw a white light shining there before me  
And walking to it, I waited for the end  
A final vision promising salvation  
A resurrection for a fallen man

Do you still wait for your God?  
And the symbol of your faith

I can free you from this hell and misery  
You should never be ashamed, my son  
I can give you power beyond anything  
Trust me, you will be the chosen one

I was forgotten, a body scorned and broken  
My soul rejected, tainted by his blood  
Beyond redemption, a sinner not worth saving  
Forever taken from the one I loved

Do I still wait for my God?  
And the symbol of my faith

I can lead you down the path and back to life  
All I ask is that you worship me  
I can help you seek revenge and save yourself  
Give you life for all eternity

Servants of the fallen  
Fight to pave the way  
For their savior's calling  
On this wicked day

Through a veil of madness  
With a vicious blade  
One man rises up  
Standing in their way

Redemption  
Redemption for humanity  
&lt;/lyrics>

==Part II==

===III. Heretic===

&lt;/lyrics>

Welcome tired pilgrim  
Into the circle  
We have been waiting

Everyone's gathered  
For your arrival  
All the believers

Angels fall  
All for you  
Heretic  
Demon heart  
Bleed for us

I've been waiting for you  
Weary preacher man  
You have been expected  
Now we can begin  
Let this hallowed day of judgment reign

I have known you father

And your sacred quest  
Blessed soldier fighting  
You shall never rest  
I have known you but do you know me?

Angels fall  
All for you  
Heretic  
Demon heart  
Bleed for us

My soul is yours  
Dark Master  
I will fight for you

Dark Master within  
I will fight for you  
Dark Master of sin  
Now my soul is yours  
Dark Master my guide  
I will die for you  
Dark Master inside

I cannot see his face  
But I could feel his spite  
A presence from the dead  
Abandoned by the light  
This shadow will consume him  
from within

This power that I sense  
The rage behind those eyes  
Is just a shrouded ghost  
A spirit sealed inside  
The body and the soul both threats  
For they are one

Angels fall  
All for you  
Heretic  
Demon heart  
Bleed for us

My soul is yours  
Dark Master  
I will fight for you

Dark Master within  
I will fight for you  
Dark Master of sin  
Now my soul is yours  
Dark Master my guide  
I will die for you  
Dark Master inside  
Dark Master amen  
I belong to you  
Dark Master within  
&lt;/lyrics>

===IV. The Slaughter Of The Damned===  
&lt;/lyrics>  
Don't  
Bother trying to find them  
They will be coming to you  
Fight

Fight and destroy  
Until you can't take anymore

Slay  
Spill the blood of the rebels  
They are the children of hell  
Flesh  
Of the undead  
Stopping at nothing to kill

Sin  
Caught in a moment of weakness  
Committed the greatest of all  
Sold  
Half of my soul  
And now it's too late for you

I judge as  
My eyes see  
I judge and I am just  
For I speak  
Of the beast  
That lives in all of us

Unwelcome ones  
Your time has come

Lord  
You are my god and my shepherd  
Nothing more shall I want  
Walk  
Through the abyss  
Into the shadow of death

Fear  
There is no evil to fear now  
For I know you are with me  
My  
Cup overflows  
With my enemies' blood

I  
Decay in the house of the lord  
Forever amen  
Death  
Will follow me  
All the days of my life

I judge as  
My eyes see  
I judge and I am just  
For I speak  
Of the beast  
That lives in all of us

Unwelcome ones  
Your time has come

Servants of the fallen  
Fight to pave the way  
For their savior's calling  
On this wicked day

Through a veil of madness  
With a vicious blade

One man rises up  
Standing in their way

It's time for your reckoning  
&lt;/lyrics>

===V. The Reckoning===

===VI. Salvation===

&lt;lyrics>

My soul grows weaker

He knows and he waits

He watches over me

Standing at the infernal gates

In the hour of darkness

The moment I feared has passed

The moment I lost my faith

Promising salvation

My soul is my own now

I do not fight for you

Dark Master
