

# Dream (US), Daddy's Little Girl

The day was september 2nd  
You looked into my eyes [my eyes]  
And told me that you would always be by my side [my side]  
And through the good and bad  
Times have been right here  
That's why I want you to know that you're so dear [so dear]

Chorus:

And I'll always be  
I'll always be daddy's little girl  
No matter what happens in this world  
I'll always be daddy's little girl  
No matter what happens in this world

And some day I'll be a bride [be a bride]  
But don't you worry daddy [daddy]  
Cause you'll always be number one, number one in my heart  
And I'll never forget the times that we have shared [have shared]  
And ooooh, I love you daddy, I love you daddy
