==English Translation==  
&lt;/lyrics&gt;  
the swelling in my slender chest  
and the kiss on my moist lips  
are for your sake alone

over your softly swaying shoulders  
a thin moonbeam shines through  
and touches down; an angelic stairway

bathing the room in a pale blue  
a shiver trembles down your back

\* we clasp hand to hand, don't let go  
we touch chest to chest, don't pull away  
stop time, just like this  
just the two of us, our never ending  
SWEET DREAM

outlines form on the wind  
of the deep breaths you take  
and dissipate in the moonlight

you reach out and envelop me in your arms  
to keep me from being swept away by the darkness
