Drentch, Lift

heart of stone turned to clay form me to your ways Im broken without you crying out

I lift my eyes I lift my heart toward heaven I see you shining heavens shining down on me

my eyes are fixed on you I'm blinded by the truth I come before you now crying out

I lift my eyes I lift my heart toward heaven I see you shining heavens shining down on me

heart of stone turned to clay form me to your ways I'm broken without you crying out

I lift my eyes I lift my heart toward heaven I see you shining heavens shining down on me
