

Droge Pete, Hardest Thing To Do

For me, you'd swim the sea

For you, I would too

Ain't much to ask for, ain't much to give but I know ours is a love that could forgive

Won't come to that babe, if you could have faith in me just like I got my faith in you

But having faith is the hardest thing to do

Yeah it's the hardest thing to do

To me, you are an anchor and a key

To you, I would give my heart for free

Ain't much to ask for, ain't much to give but I know ours is a love that could forgive

Won't come to that babe, if you could have faith in me just like I got my faith in you

But having faith is the hardest thing to do.

It's the hardest thing to do

And I'm doing it now for you

And it's the hardest thing to do

If we, decide we cannot be together

I know I'll think of you wherever I go, and it's the hardest thing to do.
