

Drop N Harmony, Never No Never No

are you ready for a little bit of drop n harmony
all the ladies in the house,
let me hear you say ooh, ahh
drop'n'harm you make me hot
let me hear you say ooh, ah
drop'n'harm you make me hot (come on now)
and if you're down with dnh and you got filipino pride
pump your fist up in the air
let me hear you say yeah
let me hear you say yeah

all i do is fantasize about you
girl you blow my mind
whenever you're here next to me
oh i feel so alive inside
(i'm waitin' so patiently for you to be mine)
don't ever want to do a thing without you
you're the " in my life
you treat me with honesty, dignity, and respect
never a moment where i won't admit

it's so incredible
how you're so wonderful
to get my mind off you is damn near impossible
oh girl i can't explain it
you put a spell over me, over me

baby girl, i love you so
never no never no, will i ever let you go
i want you by my side, 'til the day i die
forever baby to heaven we fly
baby girl, i need you so
never no never no, will i ever do you wrong
i'll treat you right babe, 'til the day i die
forever baby till heaven we fly

when we make love it's like paradise
where mountains of passion
take us through the night
and we don't stop
no we don't stop 'til we see the morning light
you never have to worry (no)
never no about a thing
i'll love you endlessly from summer to spring
you're the only one whose made me see
just how special being in love could be
that's why i say

it's so incredible
how you're so wonderful
to get my mind off you is damn near impossible
oh girl i can't explain it
you put a spell over me, over me

baby girl, i love you so
never no never no, will i ever let you go
i want you by my side, 'til the day i die
forever baby to heaven we fly
baby girl, i need you so
never no never no, will i ever do you wrong
i'll treat you right babe, 'til the day i die
forever baby till heaven we fly

i never knew such happiness could be happening to me

oh and i never no never thought i'd ever find someone
who could be (3x)

as wonderful as you (my lonely days and nights are through)
so confident and cool (this heart of mine will always be true)
and i'll never stray from the love you bring
believe me when i say that i'm completely in love with you
