

# Drowning Pool, Follow

Right now!

Here I am... understand  
With this comes... frustration

Chorus:  
A better way to follow through  
I'm far from done  
The truth is right there in front of you  
A better way to follow through  
I'm far from done  
The truth is right there in front of me

Realize... through my eyes  
I can't speak... so damn weak

Chorus

The face before me shows  
What my life will be  
Everybody knows  
Everyone but me!

Chorus

Better follow  
The truth is right there in front of you  
Better follow  
The truth is right there in front of me
