Dru Hill, 5 Steps

I don't know how much longer You're going to be here So I say my prayers Every night One 4 my mother One 4 my father And one 4 the love of my life So if u decide to leave today Then leave tomorrow at the door And take only Half of yesterday Forget all hope for the present Cause it just went away

We were 5 steps From eternity 4 steps 4 steps past love And 3 wishes From Touching the heavens above

Another day is gone Another night now dawn Waiting patiently hoping you'll return But not before long Why'd you say goodbye I still feel your presence In my bed at night And what was reality once A love True in form Has now added pain For a man scorn Forced to wear the memories of pain Around an empty heart Now I sit in silence and begin to think As laughter echoes through the air I can't get you off my mind But a whole new love I could never bare So now I lay Me down to sleep And I pray my Lord my soul to keep And if I die, before I wake Then I promise I'll be there for you always

We were 5 steps From eternity 4 steps 4 steps past love And 3 wishes From Touching the heavens above
