

Dru Hill, Do You Believe

Do you believe like I believe
Do you believe in love
Can't you see, like I can see
That we should be in love
Sisqo & Lisa fell in love the other day
Talked on the phone so long
They caught the break of day
Keesha & Nokio don't talk like they used to
But I guess that's the things we go through
We two are in love
Do you believe like I believe
Do you believe in love
Can't you see, like I can see
That we should be in love
You say you're tired of all those lonely nights at home
Tossin and turnin wishin you were not alone
I've got to find a way to get you in my life
and if I do I promise boo I'll make you my wife
Do you believe like I believe
Do you believe in love
Can't you see, like I can see
That we should be in love
I ain't got no time for love
No time for hugs
No time for what I'm thinking of
I've got to find a way to get you back to me
There are no guarantees in love
Do you believe like I believe
Do you believe in love
Can't you see, like I can see
That we should be in love
