

# Drugstore, Electric Light

Do you ever wake up  
Without a reason?  
Do you ever wish your life  
Kind of had a different start?

Oh how I wish I could see your mind  
Wish I could get inside  
The electric light

And as the hours, go by  
We're all in danger  
Do you wonder what it's like  
The final surrender?

Oh how I wish I could see your mind  
Wish I could get inside  
The electric light
