

# Drugstore, Injection

Tonight, I need a good injection  
Get away from babies little shelter  
I've gotta get out and maybe  
I ain't coming back

Once upon a time  
I was so small  
I had a silver plane  
And it looked so perfect  
From a distance  
But all the walls were closing in  
And I was living inbetween  
Walking on broken glass  
Fire walking up the walls  
I'm walking out of the superhouse  
It was perfect for a day

Tonight I need a new invention  
I don't need no babies little helper  
Just to stand outside  
I don't mind the rain

Once upon a time  
I had it all  
I had a silver sun  
And it looked so perfect  
From a distance  
But all the walls were closing in  
And I was living inbetween  
Walking on broken glass  
Fire walking up the walls  
I'm walking out of the superhouse  
It was perfect for a day  
Perfect for a day  
Perfect for a day
