

Drugstore, No More Tears

No more tears and no more pain
I'm gonna go up so high
I won't fall again
I'm burning up
I finally found a way out of these chains
I ain't having no more tears
And no more pain
No more sorrow, unsustained
Gonna fly into the night
And find my way
I'm burning up
I finally found a way out of these chains
I ain't having no more tears
And no more pain
I'm burning up
I finally found a way out of these chains
I ain't having no more tears
And no more pain
