

# Dry Cell, Velvet Elvis

I'm changing everyday  
Into someone else  
Trying to get away  
From my pain

You fucked up  
You blamed me  
You lied  
PAIN  
From bringing me down all the time  
PAIN  
Just 'cuz it breaks me sometimes  
Say what you want 'cuz it won't make a difference

I am replacing  
Indignity  
Defacing  
Simplicity  
I kinda like the way you beat me  
And bruise me  
The way you abuse me

I'm failing everyday  
Reaching out for help  
Trying to get away  
From my pain

You fucked up  
You blamed me  
You lied  
PAIN  
From bringing me down all the time  
PAIN  
Just 'cuz it breaks me sometimes  
Say what you want 'cuz it wont make a difference

I am replacing  
Indignity  
Defacing  
Simplicity  
I kinda like the way you beat me  
And bruise me  
Abuse me  
It's your turn

I am replacing  
Indignity  
Defacing  
Simplicity  
I kinda like the way you beat me  
And bruise me  
The way you abuse me  
I feel betrayed by the sole disaster  
I'm not going down alone again  
It's all right  
I'll recover  
Now you'll never see my face again

I am replacing  
Indignity  
Defacing  
Simplicity  
I kinda like the way you beat me  
And bruise me

Abuse me  
It's your turn

I am replacing  
Indignity  
Defacing  
Simplicity  
I kinda like the way you beat me  
And bruise me  
The way you abuse me
