

Dub War, Universal Jam

Unity Globally
Solidarity Harmony
Universal Jam
Amalgamation
of all man
Living together in a stolen land
Where the People dem won't overstand
An you know they do not care about you
Babylon they will not let you go of your hand
Come make me live it up
An live it up unite
Come make we stan
And we'll fight against this plight
Hotter the battle sweeter the victory
Universal Jam
Amalgamation
of all man
It's not the clothes
dat you're wearing
Dat don't mean alot to we
It's the heart inside
the garment
That's the way it's meant to be
But the wicked one
Wicked dem out for them self
Keeping all the money
An dem holding back the wealth
Universal Jam
Amalgamation
of all man
Some of them they are saying no way
They would a lot of money just to say
Eternal life you can not
Live it in the flesh yet your no be no
An let yes be yes
Universal Jam
Amalgamation
of all man
Universal Jam I've gotz to tell you dat
We need a universal jam
We need a universal jam yeah
One day this universe
Shall come together and jam
