

# Dubstar, In My Defense

I'm the gum on your shoes  
The prostitute who rings your family  
I'll take your breath away  
You crossed my path and you'll pay  
And both your friends will laugh  
I'm a person with a plan for you  
I'm a person who will wreck your confidence  
I will be your namesake  
I will be your headache  
I will be your witsend  
I will be your girlfriend  
I'm the knee in your groin  
Look around you, no-one's noticed  
It's true  
I'm a person with a plan for you  
I'm a person who will wreck your confidence  
I will be your namesake  
I will be your headache  
I will be your witsend  
I will be your girlfriend  
I'm the gum on your shoe  
I'm the knee in your groin  
I'm the fly in your soup  
I have the fruit of your loin  
Somehow I'll complicate your life  
and now you'll have to tell your wife  
I'm a person with a plan for you  
I'm a person who will wreck your confidence  
I will be your namesake  
I will be your headache  
I will be your witsend  
I will be your girlfriend
