

# Dubstar, Lets Go

It's alright, I'm just a girl she said  
talk down to me & take me to bed  
I don't think I don't feel  
& I don't really matter at all  
Kiss me in darkness turn out the light  
pretend you're with someone else tonight  
you don't think you don't feel  
& I don't really understand why  
I'm a person who speaks I'm a person who thinks  
but you hope I'll forget as you ply me with drinks  
& you cannot buy me & you cannot use me  
but I know that you'll want to try...  
It's alright, I'm just a girl she said  
you can't buy me & take me to bed  
because I think  
because I feel  
& you don't matter at all  
Just a girl she said...
