

Dubstar, Lets Go

It's alright, I'm just a girl she said
talk down to me & take me to bed
I don't think I don't feel
& I don't really matter at all
Kiss me in darkness turn out the light
pretend you're with someone else tonight
you don't think you don't feel
& I don't really understand why
I'm a person who speaks I'm a person who thinks
but you hope I'll forget as you ply me with drinks
& you cannot buy me & you cannot use me
but I know that you'll want to try...
It's alright, I'm just a girl she said
you can't buy me & take me to bed
because I think
because I feel
& you don't matter at all
Just a girl she said...
