

# Duck Daffy, Authority For Living

There will be a time, struggling for living  
There will be a time, killing to survive  
Crawling faster, dying slower, never be afraid  
The little breath I take will never fade away

I... I will crawl  
You... Will never be alone  
You... Got... All... The... Authority for living

Out in the streets, decapitated bodies  
Out in the streets, blood all around  
Shooting faster, dying slower, never be afraid  
The little breath I take will never fade away

I... I will crawl  
You... Will never be alone  
You... Got... All... The... Authority for living

Guitar SOLO!

I... I will crawl  
You... Will never be alone

I... I will crawl  
You... You will never be alone  
Cause you... Got... All... The... You got authority for living
