

Duck Sauce, It's You

It's, it's, it's
It's, it's, it's
It's you, hey you
It's you, hey you
It's you, hey you
It's you, hey you
It's you, hey you
It's you, hey you
It's you, hey you

It's you I wanna kiss tonight
It's you I wanna hold real tight
Feeling deep inside my soul
Without you losing all control
Oho, oho, oh
It's you, hey you Baby

Oh you make my heart jump up and down
You got me spinning all around
Trill me through and through
You got me breaking all the rules
all the rules
all the rules
all the rules
all the rules
It's you baby, yeah you

It's you I want here by my side,
It's you I need to satisfy
When we kiss and when it's true
You're loving me, I'm loving you
Oho, oho, oh
It's you baby, you
Baby you
Baby you
Baby you
Baby you
