

# Duck Sauce, It's You

It's, it's, it's  
It's, it's, it's  
It's you, hey you  
It's you, hey you  
It's you, hey you  
It's you, hey you  
It's you, hey you  
It's you, hey you  
It's you, hey you

It's you I wanna kiss tonight  
It's you I wanna hold real tight  
Feeling deep inside my soul  
Without you losing all control  
Oho, oho, oh  
It's you, hey you Baby

Oh you make my heart jump up and down  
You got me spinning all around  
Trill me through and through  
You got me breaking all the rules  
all the rules  
all the rules  
all the rules  
all the rules  
It's you baby, yeah you

It's you I want here by my side,  
It's you I need to satisfy  
When we kiss and when it's true  
You're loving me, I'm loving you  
Oho, oho, oh  
It's you baby, you  
Baby you  
Baby you  
Baby you  
Baby you
