

Ducky Boys, For The Underdogs

Here we go with one for the Underdogs
Here we go if you're fighting for the Cause
We found ourselves as victims but we let it pass in the hopes of better days to come
But nothing comes for free in this wicked world
So you seek it out or don't get none
You can expect to be abandoned when it all comes down
Isn't that the way it goes?
Here we go with one for the Underdogs
Here we go if you're fighting for the cause
We grow up fast, you know that i did
I never grew to fit the mold
Against the grain is the way that i run
and it's the only way I've ever known
No one's fighting for you when it all comes down
Stick by the path you chose
Here we go with one for the Underdogs
Here we go if you're fighting for the cause
Here we go with one for the Underdogs
