

# Ducky Boys, Regrets

Hard way!  
Oh I learn the hard way  
Someday!  
I'll be on top someday  
Right away!  
But oh, I'm on the right way now  
I paid!  
With my pride I paid  
One day!  
I was down one day  
I say!  
I say I'm on the right path now  
Frustration  
I can't forget the loss of pride my sole regret  
Memories of pain and fear  
Regrets that I just can't bear  
My pride!  
People hurtin' my pride  
Inside!  
It burns my soul inside  
Survive!  
I know thta I can survive now  
Fall down!  
I've seen others fall down  
This town!  
I don't live for this town  
High ground!  
I'm headed towards higher ground  
Frustration  
I can't forget the loss of pride  
My sole regret memories of pain and fear  
Regrets that I just can't bear  
One time I was beaten down,  
I'm on m way to higher ground  
My life don't have too much to say  
I know I'll be on top one day
