

Duff McKagan, Could It Be U

Could it be you
Might be my woman
Could it be you
The one that makes me feel like a
man - yeah
Saw your gaze
It put me in a haze
It was amazing
I saw a little girl
Put me in a whirl
Just left me gazing
Chorus
The one that makes me feel like a
strong man
'Cause that's what I am
came across this grace
Put me in my place
Baby
I'm still learning
That life is young
Past things I've done
Just for you
I'm yearning
Might be my woman
Could it be you
The one that makes me feel like a
man - yeah
Could it be you
Could it be true
The one that makes me feel like a
man
Could it be you
Could it be you
I'm still learning
I'm still learning
