

Duffy, Syrup & Honey

Don't you be wasting all your money
On syrup and honey
Cause I'm sweet enough
Don't you be using every minute
On making a living
Because we got our love
Listen to me, 1,2,3
Baby, baby, baby spend your time on me

Don't you be out all night long
Leaving me all alone
Because I, I need your love
Don't you be spending everyday working away
Because I'm waiting for you
Listen to me, 1,2,3
Baby, baby, baby spend your time on me

Spend it, spend it, spend your time on me
Please baby
Mmmm
Please baby
