

Dum Dums, I Can't Stand It

It seems my friends weve drunk our lives away (doodoo doodoo)
I cant stand it, I cant stand it
But Im so numb theres nothing I can say (doodoo doodoo)
I cant stand it, I cant stand it
And Im dancing to a song that I cant stand (doodoo doodoo)
I cant stand it, I cant stand it
And I need a drink to make it all seem grand (doodoo doodoo)
I cant stand it, I cant stand it

And the grey-haired men in business suits
Shoot up behind their walls, to suit it all
And the kids get stoned to pass the time
When Im too sad to cry
I cant stand being alive

Oh, something heavys going down at home (doodoo doodoo)
I cant stand it, I cant stand it
And I hang out with my friends so Im not alone (doodoo doodoo)
I cant stand it, I cant stand it
And theres no guard outside the gates of hell (doodoo doodoo)
I cant stand it, I cant stand it
And if Im so free why does it feel like a prison cell (doodoo doodoo)
I cant stand it, I cant stand it

Im so bored and somethings wrong inside
A pain I'm trying to hide, with a phoney smile
Alone with you talking about stupid things
Under a fading sun
But before I think were getting drunk again

I cant stand it, ahhhhh
I cant stand it, ahhhhh
Oh, I cant stand it, ahhhh
Oh, I cant stand it,
Ohhhhh
