

Dum Dums, Kid Set Fire

Moshpit give me a sign
It's where you gotta go go go, when the boy turns flame
My insides are so corrupt
I flip down the middle button and self-destruct

You get bitten
You get bitten
If it's in your hands
When the kid set fire
Ain't got nowhere to burn burn burn (x2)

Dancefloor is gonna be vacuumed
When the mice mice mice, start thinking for themselves
Sense it slashing through my skin
Corporations burning, let the fun begin

You get bitten
You get bitten
If it's in your hands
When the kid set fire
Ain't got nowhere to burn burn burn (x2)
