

Duncan James, This Day

I put on my shoes and I walk away
So lonely road but its such a lovely day
This day

No I wont look back cos its in the past
Got a way to go my feet are walking fast
Away

You said it all
You close the door
And all that I know
Is it tried so hard

But its not wrong
To finding anymore
When no hope has gone
So Im movin on

Got the sun in my eyes
And is blinded me
My head told hi and theres no need to see
Where Im goin

Cos I gotta be strong
Uh, I gotta carry on
Without you, without you

You said it all
You close the door
And all that I know
Is it tried so hard

But its not wrong
To finding anymore
When no hope has gone
So Im movin on

Is gotta get easier
Its a lonely road
Is the only way to go

This day
Im movin on

Is you said it all
You close the door
And all that I know
Is it tried so hard

But its not wrong
To finding anymore
When no hope has gone
So Im movin on

So I put on my shoes and I walk away
Its lonely road but its such a lovely day
This day
