

# Duncan James, This Day

I put on my shoes and I walk away  
So lonely road but its such a lovely day  
This day

No I wont look back cos its in the past  
Got a way to go my feet are walking fast  
Away

You said it all  
You close the door  
And all that I know  
Is it tried so hard

But its not wrong  
To finding anymore  
When no hope has gone  
So Im movin on

Got the sun in my eyes  
And is blinded me  
My head told hi and theres no need to see  
Where Im goin

Cos I gotta be strong  
Uh, I gotta carry on  
Without you, without you

You said it all  
You close the door  
And all that I know  
Is it tried so hard

But its not wrong  
To finding anymore  
When no hope has gone  
So Im movin on

Is gotta get easier  
Its a lonely road  
Is the only way to go

This day  
Im movin on

Is you said it all  
You close the door  
And all that I know  
Is it tried so hard

But its not wrong  
To finding anymore  
When no hope has gone  
So Im movin on

So I put on my shoes and I walk away  
Its lonely road but its such a lovely day  
This day
