

Dune, Bloodlines

1.vers

My best friend is laying in there
He's messed up and I don't care
When love is put aside he ain't asking for more
He's a total waste, but he's still going strong

Chorus:

"I can't help it
Couldn't do it
I'm Jaywalking
Against my will
In my most desperate hour I'm covered in pills."

2.vers

When she comes back home it will catch her ear
Your fiddling will be spoiled in a future near
My bloodlines are acting a bit strange

They are spoken for, but not out of range

Chorus:

"I can't help it
Couldn't do it
I'm Jaywalking
Against my will
In my most desperate hour I'm covered in pills."

C:

I can't help my: BEAT!
I can't stop my: BEAT!
I can't hold my: BEAT!
It's my damn heart: BEAT!

I told you not to play with our gun's girl
