

Dusty Drake, The Hard Way

Ain't no short way up the mountain
Ain't no easy way to cross that river
When it's draggin' you under
Ain't no sure thing you can count on
Break down these walls
I'll beg, I'll crawl
I'd risk it all to get to you
CHORUS: I fall in love the hard way
I fall in love the hard way
Straight to your heart
The hard way
I got nothing left to lose
But I got everything to prove
To prove my love for you
I know just what I've gotta do
And I'll walk the wire
Above the fire
My one desire's to get to you
REPEAT CHORUS
Ain't nothing worth havin'
If it comes too easy
'Cause if it comes too easy
You might lose that love someday
The hard way
Break down these walls
I'll beg, I'll crawl
I'd risk it all to get to you
I fall in love the hard way
