

# Dusty, Midnight Lover

Baby, I'm a midnight lover  
Baby, I'm a midnight lover

Like a rocket flashin' in the night  
Leave a message, baby, now I'm out of sight  
Hang on to myself, I'm huntin' for feelin'

A big game  
On my mind  
I'm clubbin' 'round the midnight  
Lookin' for love  
Like I'm dance' in the wind tonight

Baby, I'm a midnight lover  
Burnin' out your secret desire  
Wanna be your midnight lover  
Lightin' up the stars with your fire  
Baby, I'm a midnight lover  
Turnin' on your secret desires  
Gotta be your midnight lover  
Wake up for the night is fire

An emotion smashin' up my brain  
Like a secret longin' drivin' me insane  
Just gotta go now, still lookin' for a feelin'

A big game  
On my mind  
I'm clubbin' 'round the midnight  
Lookin' for love  
Like I'm dance' in the wind tonight

Baby, I'm a midnight lover  
Burnin' out your secret desire  
Wanna be your midnight lover  
Lightin' up the stars with your fire  
Baby, I'm a midnight lover  
Turnin' on your secret desires  
Gotta be your midnight lover  
Wake up for the night is fire fire fire!

Baby, I'm a midnight lover  
Baby, I'm a midnight lover

Lookin' for love  
Like I'm dance' in the wind tonight

Baby, I'm a midnight lover  
Fire!  
Wanna be your midnight lover  
Fire!
