

Dusty Springfield, I Wanna Make You Happy

(C. Weil / R.Tietelman)

What a nice party
And I know just why I'm feeling so new
'Cause I came along and I found you

I wanna make you happy tonight
I wanna make you happy tonight

It's just like magic
Dancing with you
While we're sharing a kiss
Oh, I've been in love
But never, no never, like this

I wanna make you happy tonight
I wanna make you happy tonight and every day I live, yeah
I wanna give you all I have to give
Oh, I wanna make you so happy, yeah, oh

Yes, I've been in love
But never, no never, like this
I wanna make you happy tonight
I wanna make you so happy, child
Come on, I wanna make you so
