

# Dusty Springfield, What Do You Do When Love Dies

I wake up in the morning crying  
I reach out for you, yeah  
I make coffee for one now  
Instead of for two  
My days are so empty baby  
There's nothing for me to do  
And the night lost its meaning  
The night I lost you  
Help me baby

What do you when love dies?  
Somebody help me, I'm losing my mind  
What do you when love dies?  
Somebody help me, I'm losing my mind

I run for the 1:10 uptown  
The show starts at two  
I'm surrounded by strangers  
But I'm haunted by you

My life is without direction  
Lost without you my love  
The past is my shadow  
My shadow is you  
I ain't got nowhere to go

What do you do when love dies?  
Somebody help me, I'm losing my mind  
What do you do when love dies on you?  
Somebody help me, I'm losing my mind, yes I am, yeah

Yeah, what do you do when love dies on you?  
Somebody help me, I'm losing my mind, yeah, yeah  
Somebody help me, I'm losing my mind  
The past is my shadow  
My shadow is you  
Yeah, yeah  
What do you do when love dies on you?
