

Dwight Yoakam, Hey Little Girl

Hey little girl, you don't have to hide nothin' no more,
Oh, you didn't do nothin' that hasn't been done before.

--- Instrumental ---

Little girl thought she wouldn't get caught, you see,
She thought she's get away with goin' out on me.

--- Instrumental ---

Oh, other girls do it, you didn't think of nothin' new,
You went out on me, so what, other girls do too.

--- Instrumental ---

You can leave little girl, 'cause I don't want you around no more,
And if you come knockin' you won't get past my door.

--- Instrumental ---

Oh, you got nothin' to hide and everybody knows it's true,
Too bad little girl 'cause it's all over for you.

--- Instrumental to fade ---
