

Dwight Yoakam, Near You

Everywhere you go each day
I will be near you, Oh and dear you
Don't even have to say much for me to hear you
Because it's clear you
Have a very simple way to keep me near you

Oh yeah dear
Through the power of love
Through the power of love

Every morning, night and noon
I will be near you, Oh and dear you
Won't even have to do much for me to feel you
Are sincere you
Like a magnet pull so strong it keeps me near you

Oh yeah dear
Through the power of love
Through the power of love

I could try to just lie and tell people I'm free
Like a wave telling sand it won't go back to the sea
But what I say doesn't do no good
Like I ever thought it would

Everywhere you go each day
I will be near you, Oh and dear you
Don't even have to say much for me to hear you
Because it's clear you
Have a very simple way to keep me near you

Oh yeah dear
Through the power of love
Through the power of love

Through the power of love
Through the power of love

Through the power of love
Through the power of love

Through the power of love
Through the power of love

Through the power of love
Through the power of love

Through the power of love
Through the power of love...
