

Dynasty, Eternity

You sometimes went by me
But didn't accept my help
I wanted to give you the mercy of my heart
To change your lost way
(How) many times you looked in my eyes
But couldn't see my real face

I will make your dreams come true
With the power of my name
I will forget your sins
And always teaching you
(How) many times I look in your heart
So feel your real faith

I am the Son of God (I live with broken heart)
Waiting for you
Always with the
Open arms to hold you

Eternity, living in my right
Is my promise to you
Just believe in my words
Walking in my holy way

Eternity, I died for this
A new life, a new world
Forever inside the Lord
With eternal love
