

Dynasty, Following The Sign

We saw the sign at night
Shining in the sky
Was written a prophecy
The savior is coming...

We walked alone waiting
The son of God to be born
Salvation is coming for us
A miracle on the earth

He brought His grace, tearing the veil and keeping the
Law
I feel His love in my heart, I feel His peace

He gave His Son for us
To believe in His love
Forever we'll stay with Him
Forever we'll never cry

He brought to the human race
Freedom for us all
To open the holy gates
As far beyond the stars

He brought His grace, tearing the veil and keeping the
Law
I feel His love in my heart, I feel His peace

Flying beyond the faith
We'll follow the sign toward eternity
