

Dynasty, The Time Is Over

What am I going to do now?
If I don't have where to go
It's so dark outside
And I'm afraid to go out

Looking at the time going by
(Will there be time for me)
Oh! My time is over

The life I had in the past
Did nothing for me
I was trapped in my addictions
But the dose is over

Oh, No! My veins can get no more
(My blood has finished)
So much poison I put in myself

I raised my hands
Waiting for someone
Who can help me
Where am I?
How many dose have I injected?
For my own end

Looking at the time going by
(Will there be time for me)
So much poison I put in myself
