

DZHAM, I'm from Russia

I'm From Russia
And all the girls love me
Add me on facebook
Kiss, hug me

I've been around the world but
There's no other country

I'm From Russia
And all the girls love me

Where are you from?
I'm From Russia

Where are you from?
I'm From Russia

Where are you from?
I'm From Russia

Oh

And all the girls love me

Where are you from?
I'm From Russia

Where are you from?
I'm From Russia

Where are you from?
I'm From Russia

Oh

And all the girls love me

I like to drink vodka
and you might see me in a hot car
Where I'm from there's bears
And we eat caviar every day

...

I spend money like an oligarch.
