

# E-Type, Camilla

So I'm gone with the wind  
I won't look back  
When I head into the future  
Set sail I'm all go

When to come I don't know  
But now I feel I can do it all  
But leaving you  
It must be so

On my way now  
At the turning point here  
It's time now  
I'm going into high gear  
I know how  
I'm gonna make it all clear  
And leave without no fear

Now the time has come for you  
you're on your way  
You will change the world  
whatever they might say  
Camilla  
All the things you ever want to do  
You will change your life and make it all  
come true  
Camilla

Had to be done while I still  
Had power left  
To fulfil the promises  
That I made long ago

On my way but  
The road is long and winding  
But I will find the path  
I know it must be so

On my way now  
At the turning point here  
It's time now  
I'm going into high gear  
I know how  
I'm gonna make it all clear  
And leave without no fear

Now the time has come for you  
you're on your way  
You will change the world  
whatever they might say  
Camilla  
All the things you ever want to do  
You will change your life and make it all  
come true  
Camilla

Change your world now  
I don't know how  
I'm on my way  
You always say  
I'm gonna change  
the world  
If I just find a way

Now the time has come for you  
you're on your way  
You will change the world  
whatever they might say  
Camilla  
All the things you ever want to do  
You will change your life and make it all  
come true
