

E-Type, Here I Go Again

Here I go again
it's time for me to fade away
Here I go
It's time again to let the storm rise and I'm waiting
here with great expectations and I know
You call it what you want
but for now I'm standing tall
and I'm here to get it all
give me your best shot or go
You gotta move on
you better believe it
And you'll find out this is the time of your life
You gotta move on
you better believe it
You can be sure this is the ride of your life
Here I go again, it's time for me to fade away
I'm out of here I go again, I've lost the game
And no one is to blame
So time waits for no one and I only get a chance
to be on top of the world and you know
If you want to move on
you will have to be strong
cause it won't last long
you will reap what you sow
You gotta move on
you better believe it
And you'll find out this is the time of your life
You gotta move on
you better believe it
You can be sure this is the ride of your life
Here I go again, it's time for me to fade away
I'm out of here I go again, I've lost the game
And no one is to blame
So time is running out I feel I have to let you go
And I know, no one is to blame
