

Eager, Look At Mary

Mary's boat has sprung a leak
Snd she's told she won't finish the race
Her mind intent on getting home
She never slows her pace

Chorus:

Look at Mary row
She's got a long long way to go
Look at Mary
Look at Mary's boat
Only her faith has kept it afloat
Look at Mary
Quickly filling, though she's not willing
To let this trouble have its own way
The more she believes, the more water that leaves
Through the same hole from which it came
