

# Eagles Of Death Metal, Wannabe in L.A.

I came to LA to be rock and roll,  
along the way i had to sell my soul,  
I made some good friends that make me say,  
I really wannabe in LA

I took the time to get to Beverly  
Laid some rocket tape roll on the 180  
Allen and natasha always make me say,  
I really wannabe in L.A

I take the city in the dead of night  
I'm burning gas until I feel alright  
The sunset honeys always make me say  
I really wannabe in L.A

I came to L.A. to be rock and roll  
along the way I had to sell my soul  
I made some good friends that make me say  
I really wannabe in L.A (2x)  
I really wannabe, really wannabe, really wannabe in L.A
