

Earshot, Rotten Inside

Once was a time
I'd give the world to you
But it was never enough
Swore by your hand
But you never told the truth
That's when I saw myself in you...

I'm rotten inside
I'm weak & I'm frightened
Of the things that you might find
I'm rotten inside again
I'm weak & I'm frightened
Of the things that you might find...

What could I
Do to make everything alright
Left me again
Like I always thought you'd do
That's when I saw myself in you...

I'm rotten inside
I'm weak & I'm frightened
Of the things that you might find
I'm rotten inside again
I'm weak & I'm frightened
Of the things that you might find...

That you might find...

And though I try
I can't forget
The way you looked at me
and said...

I'm rotten inside
I'm weak & I'm frightened
Of the things that you might find
I'm rotten inside again
I'm weak & I'm frightened
Of the things that you might find...
