

# Earth Wind And Fire, Fall In Love With Me

I can tell you that love  
Is too deep to be played on  
Down the line, you'd find  
Time would reveal who to count on

I'm well inclined to use the lines  
That comes from the learning tree  
Yeah, yeah, let the seed that grows  
And ages old give us our destiny

Baby, you know  
I could pick you up  
Turn your life around  
If you fall in love with me  
I would build you up  
Never let you down  
If you fall in love with me

If you're having  
Second thoughts from the past  
I can cool you out  
I've been there before  
Right down to the core  
I can sing and shout

I can't hold back what I feel  
I bring experience  
I'll be your rock  
When Gibraltar falls  
Baby, give me a cause

Baby, you know  
I could pick you up  
Turn your life around  
If you fall in love with me  
I would build you up  
Never let you down  
If you fall in love with me

Baby (oh, baby) in love with me  
Find yourself a part of me  
Baby, in love with me  
Help yourself to all of me

I've got your number  
And I wanna shout  
(Falling in love)  
I dig you, baby  
Come and check me out  
(Falling in love, baby)

Baby, you know  
I could pick you up  
Turn your life around  
If you fall in love with me  
I would build you up  
Never let you down  
If you fall in love with me

Baby, in love with me  
Find yourself a part of me  
Baby, in love with me  
Help yourself to all of me

Ba ba ba ba ba...  
Can you fall in love, oh, baby  
Hey, baby, can you  
Fall in love with me, yeah

I could pick you up  
Turn your life around  
If you fall in love with me  
I would build you up (oh, baby)  
Never let you down  
If you fall in love with me  
(Yeah, yeah, yeah, yeah)

Ba ba ba ba ba...  
Can you fall in love with me...
