

# Earth, Wind And Fire, Imagination

Maurice White, Charles Stepney & Philip Bailey

Magic mirror come and search my heart  
Can you tell me what you see  
There's a thousand voices whispering  
Songs and you're the melody

So I imagine my heart with you  
See what imagination can do  
It's not hard to conceive  
Love ecstasy imagining you with me

Many, many days our shadows passed  
Seeing visions of a new bright horizon  
Set the morning light  
And that morning light is you  
So I imagine my heart with you

See what imagination can do  
It's not hard to conceive  
love ecstasy imagining you, imagining me  
The beauty we both can see

You're the dream I prayed would come along  
To make real life fantasy  
Day and night you live inside my heart  
You're the flame of love to me
