

# Earth, Wind And Fire, Round And Round

Scott Mayo & Wil Wheaton Jr.

Called you up last Wednesday morning  
Wanna go to lunch to see you smile  
Said you had to wait til evening  
Gotta make a run got another one on the line  
Don't you know your love is mine

Round and Round  
You're taking me baby  
Round and Round  
Round and Round  
It's driving me crazy  
Round and Round

If you'd let me girl I'd show you love  
Stronger than you ever seen  
Maybe that's not what you're thinking of  
Cause you gotta make a run got another one on the line  
Love like this is hard to find

You can't keep doing me wrong  
In my heart there's love so strong  
Round & Round & Round I go  
When I stop you'll never know
