

Earth, Wind And Fire, Time Is On Your Side

Maurice White, Verdine White & Roland Bautista

Time is on your side
No more need in runnin'
No more need to hide
No more need to cry

Life Is what ya find
Wanderin' on the other side
No more need to sigh
No more need to lie
Make it what ya can
No more need in wastin'
Love's around the bend
No more time to lend

Hope the best to be
Just to make you see
Love's around the bend
No more time to lend
Now it's up to you
It's all up in your head
What ya gonna do
Bring yourself true
