

# Earth, Wind & Fire, Pride

Maurice White, Verdine White, Larry Dunn, Al McKay, Philip Bailey & Fred White

Mighty men have come and gone  
but the pride lingers on  
Heritage will claim every man  
with desire to make a stand  
Some say pride's for the strong  
what's the use, holding on  
We say pride's everyone who  
wants to come, touch the sun

While you pout, is your world  
in doubt, it's all about  
Life won't let you out of the scheme  
Just believe in your dreams  
Pressing on self esteem

Now participate, time for love  
to motivate  
Energies to say, brighter you, brighter day

Set your mind in view,  
of the real man in you  
Time to check it out  
Pride relieves all your doubt
