

Earthlings?, Big Hairy Spyder

Take it on vacation

Big hairy spider pushing through the folds

Black man on a mastodon said "fly, motherfucker, fly...
fly on home!"

I knew possible stuff

whether the goose fell on ears of wax,
do nose hairs smell or mighty mushrooms
eclipsing traffic around on highway,
down the highway.

Down in the sea lyin' on my back like a cripped bottle cap, rusty, I'd observe.

Black man on a mastodon said "fly, motherfucker, fly on home!"
Ow!

Rock show

fuck in the universe

Facing off, baby, open a book

Kiss a famous ring retention

The third man in tune

Hold my chuck

fuck in the universe

Black man on a mastodon said "fly, motherfucker, fly...
fly on home!"

Chasing the horizon with my field glasses

Circumference glistening would be like porcelain draped on my wall

? flat pickin' cans up off his ass

Slow can dude

Black man on a mastodon said "woooo...ugh!"

Fly, motherfucker, fly, mother

fly to the sea

(motherfucker fly)

fuck in the universe

Fly, motherfucker, fly, fly, fly

Fly, motherfucker, fly, fly, fly

Fly, motherfucker, fly, fly, fly

Fuck in the universe

take a drag

Fly, motherfucker, fly, fly, fly

Ow!

Fly, motherfucker, fly, fly, fly

(I said, "penis")
